Yes Gary's team can assist with detailed crosswalk.

Low Embodied Carbon is any PRC with CL at the end in the RPIO Activity string.

The others are in PP 57.

Kevin Hurley has been generating a lot of specific grants reports for OMS OGD by using Power Bi to combine NGGS and Compass data.

Kevin plans to train some OCFO OC and OMS OGD folks in how to update data using the framework he (Kevin) built

Let me know what additional information is needed and I can work with OGD and OC to complete. **Please flag any issues, concerns or questions.**

**Note:**

- Active Awards
  - There are 39 active grants missing Compass data
  - See the list below which includes IIJA and IRA grants/funds
  - I will work with Phil and OCFO to remedy this data issues in Compass and NGGS so these data mismatches disappear
- Pending Awards
  - Data only shows actions where a draft award has been established in NGGS
  - I'm display the total IIJA and IRA funds associated with the grant family (awarded and pending) using NGGS commitment data from NGGS Business Objects (i.e., datamart)

Good Afternoon Gregg—

As further review has been conducted, please direct obligations from EPA already made as of the time of this email to be released for payment. The agency will continue robust oversight of these funds even once disbursed and not hesitate to take appropriate administrative and legal action against involved parties if any of them are found to be used outside of the terms and conditions of their agreements.

While it is my understanding the funds held at the financial agent for the two specific funding programs under the Greenhouse Gas Reduction Fund are not being outlaid at EPA's direction, I would like to clarify this above directive only applies to funds held in EPA accounts and not as part of the financial agent scheme.

Please let me know if you have any questions of need further clarification.

Thanks,

Travis

Good Morning Gregg and Kimberly—

As detailed in Chad's email last night, he directed any questions to OCFO and OMS. We can find some time early next week to walk through a more thorough process.

In the meantime, if we are notified by any EPA personnel of any inconsistencies with necessary financial and oversight procedural requirements or grant conditions of awards or programs, then we should suspend all activity unless otherwise authorized, pending the completion of a thorough review and investigation to ensure compliance.

Let me know if you have any questions, otherwise we can discuss further next week.

Thanks,

Travis

FYI,

Kevin Hurley is working closely with Peter Puglisi (OCFO OC RTP) and Phil Schindel (OMS OGD) or pull data by grant and matching up the budget lines of active grants.

Peter,

Looping in Hamilton and Phil for awareness.

See the attached. Give me a call if you want to discuss / modify. I am sure there are a few holes in this data, but hoping it is close. For example, the following grants have CompassDoc and NGGS ODN numbers that do not match. Additionally, some older grants have a blank "date closed" field in NGGS (which I am using to determine if the grant is active or closed). I have left these agreements in the attached report for the time being.

Grant No	Awarded Grants Count	COMPASSDOCNUMBER	# of Grants (CBOR)	Sum of Compass Obligated Amount
		5C00E03635	1	\$1,000,000
		1008710010	1	\$225,000
		0199485001	1	\$75,000
		0198453298	1	\$29,900

Hope this helps.

Puglisi, Peter 9:14 AM

GM, do you have a list of all grants at the agency, regardless of IJJA/IRA?

9:15 AM

Yes - I can export a list of all active (not closed) grants

Let me know what you need

Or if you want to connect to discuss

Puglisi, Peter 9:54 AM

yes i need the active grant list. we need to suspend some grants from drawing. does it have a program and cfda listing like the IJJA list you sent before?

10:02 AM

Yes I can pull that for you. Will run now

Puglisi, Peter 10:03 AM

Thank you!

can it include PRC?

10:08 AM

Let me see what I can pull together for your review and comment. Can tweak to get this in the format you need

Puglisi, Peter 10:08 AM

thanks. i have to delineate by PRC to capture the correct grants

2:55 PM

Peter - Working on this now
